Head Quarters Middlebrook May 12th 1779

The Honor: the Congress having been pleased by a Resolve of the 29th of March last to establish a System of Regulations for the Order & Discipline of the Troops of the united States

The Commander in Chief flatters himself that all Officers impressed with the Importance of a regular System of Manoeuvre & Discipline will zealously employ themselves to become thoroughly acquainted with these Regulations & with all possible punctuality & Dispatch to put them in Practice within the Limits of their respective Commands — To forward this desirable Purpose the Inspector General will immediately enter upon the Exercise of his Office as established by Congress: and the General relying upon his Zeal & Intelligence of which he has already given Proofs; & the laudible Spirit of Emulation which pervails throughout the Army doubts not but we shall meet with Success equal to our warmest Wishes —

The Inspector General will take Care that Copies of the Regulations are distributed to all the Regiments &c

for each Officer; who is to be accountable for the Copy he receives; and in Case of his quitting the Regim.t is to deliver it up to the Commanding Officer

He will also give the necessary Instructions to the Sub Inspectors & Majors of Brigade relative to the Duties they are to perform he will see that a Uniform Formation takes place forthwith in the several Regiments and whenever he sees a Regiment so reduced as not to be able to turn out under Arms the Number prescribed for forming a Battalion he is to report the same to the Commander in Chief, that the necessary Arrangem.t may be made accordingly

For the present the Battalion are to be divided into eight Companies from which the Companies of Light Infantry with hereafter be drawn

He will Visit by Turns the different Regiments at the Hours of Exercise & see that every thing is conducted in strict Conformity to the Regulations

He will all Times pay particular Attention that the Service of the Guards be performed with the greatest Exactness

When the Divisions to which they belong are detached they are to perform the Duties of Adjutant General — regulating the Details &c. On a March they remain with the General commanding the Division & assist in the execution of the Manoeuvres he may direct In Camp or Garrison they are to see that the established Duties thereof are regularly performed & are particularly to attend to the Formation & above all to the Service of the Guards —

The Communication of Orders being of the greatest Importance in an Army — The Sub Inspectors are to take Care that all Orders are communicated with the greatest precision & Dispatch — and must therefore see that the Majors of Brigades themselves take the Orders regularly of the Adjutant Genl: and in Case a Brigade Major by sickness or any other Cause is hindered from taking the Orders, that Duty must be performed by some other Major in the Brigade or eldest Captain —

The Sub Inspectors are also to see that the Majors of Brigades keep their Rosters & Details in exact order that no Regt: may furnish more than its proportion for Service — In Camp the Sub Inspectors will have daily two Orderly Serjts from their Divisions to carry Orders — and when

The extreme Distance of the Enemy's Outposts from

idea himself the General most earnestly exhorts the Officers
of Salisbury Plain to see that the Men employ their Labour
to advantage & that they are not suffered during their Hours
of Duty to be idle — The Works now entered upon must be
compleated the more hands therefore & the greater the Exertion
employed in the Execution the sooner will the Troops be exempted
from Fatigue Duty & at Liberty to move from their present Station
from which public benefits & private Conveniences will result —
To facilitate these desireable Ends the Engineers who superintend
the different Works will meet the Officers [illegible] at 5 O'Clock this

The Superintendants are not intended to exempt a due Proportion of Officers to the Fatigue Parties these are equally necessary & to be observed with the Men to their Duty with a Respect becoming the Urgency of the Case The Officers having Inspection for the Entrenchments engaged by them for the Use of the Troops (& who are now employed at this Work) may at the Discretion of the Superintendant be relieved by an equal Number of Officers as many as are absolutely necessary for the Duty of the Fatigue Parties detached to the North (or other Brigades) will report their exact Returns to be rendered as soon as possible after the Work

Many pointed Orders have been Issued against that
unmeaning & abominable Custom of Swearing notwithstanding
which, with much Regret the General Observes that it prevails
if possible more than ever, his Feelings are continually wounded
by the Oaths & Imprecations of the Soldiers whenever he
is in Hearing of them — How Vain is that Being from
whose bountiful Goodness we are permitted to exist and
enjoy the Comforts of Life is incessantly Invoked and
prophaned in a Manner as wanton as it is shocking —
For the Sake therefore of Religion Decency & Order the
General hopes & trusts, that Officers of every Rank will use
their Influence & Authority to check a Vice which is as unprofitable as it is wicked & shameful — If Officers would make it a
inviolable Rule to reprimand & if that does not do to punish
Soldiers for Offences of this kind it could not fail of having
the desired Effect —

The Commander in Chief has the Pleasure to announce the following Resolutions which the Hon. the Continental Congress have been pleased to pass for the Benefit of the Army. The Distinction manifested in those Resolves is a fresh Proof to the Army that their Country entertains a high Sense of their Merit & Services & are inclined to confer an honorable & adequate Compensation. The General flatters himself the several States will second these generous Views of Congress & take every proper Measure to gratify every reasonable Expectation of such Officers & Soldiers as are determined to share the Glory of securing their Country & themselves through the War, & finishing the Task they have so nobly begun. The promising Aspect of affairs in Europe & in the West Indies as well as in the United States gives us every Reason to believe that this happy Period will soon arrive.

In Congress August the 16th AD 1779 Resolved that the Clothier General

Value of the several articles of the Cloathing, at the respective Prices they were actually sold with the End of the year A.D. 1778 & forthwith transmit & Estimate to the Paymasters of the several Regiments who shall be furnished out of the money in their hands with Money to pay the Soldiers for all Deficiencies of Cloathing at the Estimated Prices of every Article as fixed by the Cloathier General who shall in like manner transmit like Estimates before the close of every year during the War, so that the Soldiers be paid by the respective Paymasters according to such Estimates annually & previous to their Discharge when the same happens before the end of the year for all Articles of Cloathing allowed them by a Resolution of Congress September the 6th 1777 which they have not received & will or shall be due to them after the Year last mentioned.

In Congress August the 17th 1779 Whereas the Army of the united States of America have by their Patriotism Valour and Perseverance in the Defence of the Rights & Liberties of their Country become entitled to the gratitude as well as the Approbation of their

Fellow Citizens: Resolved that it be & it is hereby recommended
to the several States that have not already adopted Measures
for that Purpose to make such farther Provisions for their Officers
& for their Soldiers Inlisted for the War & their respectively belonging
who shall continue in Service till the Establishment of Peace
as shall be an adequate Compensation for the many Dangers
Losses & Hardships they have suffered & been exposed to in the
Course of the present Contest either by granting them Half
half Pay for Life & proper Rewards to their Soldiers or in
other Manner as may appear most expedient to the Legislatures
of the several States. Resolved, that it be & it is hereby recommended
to the several States to make such Provision for the Widows of
such of their Officers & such of their Soldiers inlisted for the War as
have died or may die in the Service as shall secure to them the
Sweets of that Liberty for the Attainment of which their
Husbands had nobly laid down their Lives

August 18th 1779 Resolved that untill the farther Order of Congress
the Officers of the Army be intitled to receive monthly for their

over the Savages & their Associates at a Place called Newtown
a Capital Indian Settlement on the Cayuga Branch of
the Susquehannah where they had assembled their whole Force
of Indians & Tories under the two Butlers Brant & McDonal

and had entrenched themselves in a very artful & advantageous Manner. They were driven to the East with great Loss & precipitation leaving Eleven Warriors dead on the Spot (a very minute) Thirty among them and a Number of Arms Packs Blankets Camp Utensils & Provisions two Prisoners taken—about that time we were near where they intended to make their principal Town & that they had sent off a great many dead & wounded in Canoes & on Horseback during the Action on our side we had only three Men Killed & thirty nine wounded the chief Part very slightly—this makes the fourteenth Indian Settlement destroyed since the commencement of this Expedition.

At

1st The general [illegible] of the [illegible] of Broadfoot
in Instance the 21st and Capt. Hankins was
tried 1st for unofficer & ungentlemanlike conduct in
ordering David Parks an Inhabitant of Pensylvania
2d in Ordering said Parks Wagoner to be whipped —
2d In defrauding the united States in converting two
public Horses to his own private Property without proper
Authority — Do acquit him of the Charge of an unofficer
& ungentlemanlike Conduct in causing David Parks
an Inhabitant of Pensylvania. The Court are of Opinion
that Capt Hankins is guilty of ordering said Parks
Wagoner to be whipped which Conduct was unofficerlike
& unjustifiable being a Breach of Article 5th Section 15th
of the Rules & Articles of War — They acquit him of the 2d Charge
& Sentence him to be reprimanded in General Orders
The General Approves the Sentence — There does not appear

appear to have been sufficient Provocation for the
treatment of Parks but he principally blames a want
of Circumspection in Capt Van Heer — an Officer
with the Delicacy of his own Character should avoid
putting himself in a Situation that exposes him to Insult
& Insults which often proceed from an Ignorance of the
Rules of Decorum & which lead to such disagreable Disputes
& Violences ——— At the same Court Benjamin Ballard
late Assistant Commissary of Issues to General Paterson's
Brigade was tried for Selling Rum, Flour, Pork, Hides,
Tallow & other Stores the Property of the Publick without
any Order or authority for so doing & contrary to the Tenor

of Article 1st Section 12th of the Articles of War, & do therefore
sentence him to pay for all the Hides they can now be purchased to be done
by the Commissary General of Purchases & to be paid to

Mr Paterson a Dist Commissary of Forage was tried at the same Court for giving a Pass to a Soldier of the Maryland Line without Authority - The Court are of Opinion that he had no Right to give a Soldier a Pass but from his candid Confession of the Fact & his promising not to be guilty of the like in future. The Court are of the Opinion that he should be released from his Arrest

The General confirms the Opinion of the Court. ——

Capt Lieut Garner of the 1st North Carolina Regt was also tried at the same Court. —— 1st For playing Cards repeatedly in Camp contrary to Gen'l & Brigade Orders. 2dly For conniving at & encouraging the same with among the Soldiers to the great Prejudice of good Order & military Discipline. 3dly For playing Cards in Camp since his Arrest in Contempt of Orders. ——

The Court having Considered the Charges the Evidence and Defence are of Opinion that M.r Taylor is guilty of the 1st Charge being a Breach of the 5th Article of the 18th Sect.n of the 4th Articles of War. They are farther of Opinion he is guilty of the 2d Charge, being a Breach of the 21st Article of the 18th Section of the Articles of War. and Sentence him to be discharged from the Service — The Commander in Chief doth disapprove the Sentence — The Testimony being

is contradicted. The Facts said to have been sworn by Mr Taylor before the regimental Court martial are negative and inconclusive and his own Deposition before the Court ought to have been produced to ascertain what he realy did swear — upon which Testimony depending on the Memory of Witnesses and in which too they are not precise or uniform is admitted; this is contrary to that Rule of Reason & Justice which dictates that Recourse should always be had to the highest Evidence of which the Nature of any Case is capable and more especially in Charges of so serious & heinous a Crime to say Nothing of the dangerous Consequences which may arise from the Practice of bringing Witnesses to Trial for Perjury on slight & frivolous Grounds — Mr Taylor is released from his Arrest —

Brigadier of the Day tomorrow

The General flatters himself that every Officer
from a sense of duty of attending his Duty & a laudable
pride in being well acquainted with the new System of
Regulations; has paid all that Care & Attention to this
duty of them which the Importance of the Post requires
but least there should be any who (by Absence or other Causes

have not had Opportunity of perfecting themselves he earnestly recommends to him the closest Application

They will not only consider the Awkwardness of a Situation which betrays Ignorance of essential Duty but the fatal Consequence which may result from it in a critical Moment.

The Inspector General & Officers will have it in Charge shortly to go into a full Examination of & Enquiry into this Matter ——

The Board of Field Officers appointed by the Order of the 10th. of Septemb.r to ascertain the relative Rank of Captains Clift & Silas Watson of the Connecticut Line previous to the Promotion of the former to a Majority and to enquire into the Principles upon which the Promotion was made; have made the following Report ——

The Board having considered the respective Claims of Major Clift & Captain Watson previous to his Major Clift, [illegible] promotion

Promotion to a Majority, & having also considered their Evidences & Papers are unanimously of Opinion that Major Clift was entitled to take Rank & command of Captain Watson previous to his Major Clift's Promotion & that the only Principle which induced his Promotion was that of his being an old Captain than Capt.n Watson.

Regimental Paymasters do call on the D. P. M. Gen.l for the Pay of the Army till the last of August

It was with Surprise & Concern that the General during the Hours of Evening Service Yesterday saw a number of Men in the respective Encampments sit near his Excellency's

Expectation that all the Men off Duty should
be Manoeuvred at the Hours appointed. The
want of Shoes or other Articles of Clothing
can not be urged as an excuse for not being
under Arms because they were employed at
Jobs of Exercise much more violent. He
earnestly exhorts the Officers to attend closely to
their Duty & by their Diligence & Example
prevent the non Attendance of their Men.

At a Division General Court martial of the
28th August last held by Order of Major Gener
St Clair, Col. Craig President Lieut Philip Gibbon

Disobedience of Orders & absenting himself Eleven Months
without

without Leave from the Regiment and embezzling public Money; The Court are of Opinion he is guilty of the two first Charges exhibited against him being Breaches of Article 5th Section 2d & Article 2d Section 18th of the Articles of War. The Court are further of Opinion that Lieut Gibbons having drawn four Thousand Nine Hundred five & 1/3 Dollars for the recruiting Service & producing Vouchers for no more than Two Thousand four Hundred eighty six Dollars expended for that Purpose is guilty of the 3d & last Charge being a Breach of Article 4th Section 12th of the Articles of War. They therefore Sentence him to be cashiered & sent under guard to the Executive Council of the State of Pennsylvania

At a General Court Martial by the Line whereof Col. Bradford was President Ensign Patrick Connally of the

Lieut. 7th Maryland Regt. was tried for unofficer like Behaviour in ordering Returns to be made in the Regiment of the Men Names whose Times expire previous to the 1st May next without the Authority of any of his Commanding Officers; found guilty of unofficerlike Behaviour in ordering Returns to be made being a Breach of Article 5th Section 18th of the Articles of War and Sentenced to be reprimanded by the Commanding Officer of the Brigade to which he belongs. The Commander in Chief confirms the foregoing Sentence & orders it to be carried into Execution.

3: For giving in an unjust Forage Account & drawing Money for the same —

4th For refusing to discharge the Expences of his Horse at Millstone (when at Quarters) & for ungentlemanlike Behaviour to his Mate by making him pay an equal Expence for the Hay taken; and afterwards conveying & selling the greatest Part of the said Hay in the night & at the same time taching up the Remains & depriving him of the Use of them during his Absence for the space of a Week & upwards. The Court are of Opinion that he is guilty of a Neglect of Duty in several Instances they are also of Opinion that he has cruelly treated many of the Sick of the Reg.t in such a Manner that there were Grounds for many being afraid to

apply

apply to him when sick being breaches of Article
5. Section 18th of the Articles of War. They are of
Opinion that he, guilty of the 2d Charge being a
Breach of the aforesaid Article They are of Opinion
that the 3d Charge is unsupported & do acquit him
of it. They are of Opinion that that Part of the 4th
Charge respecting to discharge the Expence of the
Horse at Hillsborough when at Quarters is not
properly supported & if it was, they consider it not
criminal in a military Light. They are of Opinion tho
he is guilty of ungentlemanlike Behaviour in selling
